

## Notice of Vacancy

Town of Chelsea is currently looking for a new Representative to the TRORC Transportation Advisory Committee (TAC). This group meets every other month on the 2<sup>nd</sup> Thursday from 9:30-11:00 either in person or by virtual.

Represent the town on transportation issues, ask on behalf of town on guidance for transportation issues (e.g. bridge projects down the pipeline, safety issues in town on certain roads)

Report back to Selectboard on TAC topics that would be useful for them to know – (e.g. town bridge maintenance, grant opportunities, new policy guidance on related transportation topics – e.g. Town Road and Bridge Standards, Municipal Roads General Permit)

To fulfill VTrans federal requirements on local consultation, each regional planning commission must use a Transportation Advisory Committee (TAC) to meet these requirements. The TAC acts as a liaison between local communities and the Vermont Agency of Transportation and provides local and regional input regarding transportation issues important to the region. The TRORC Transportation Program is guided by the TAC which consists of representatives appointed from the Region's towns. The TAC serves in an advisory capacity to the TRORC Board of Commissioners. The TAC's purpose is to address regional transportation issues as well as advise and recommend plans, activities and projects (through the project prioritization process) to both the member municipalities and the state, as well as articulating regional transportation policy to the state.

Meeting topics include the TRORC transportation planning work program and the items it contains, the regional transportation project prioritization list that is annually submitted to VTrans, regional public transit issues, and the TRORC Regional Transportation Plan. These topics by no means encapsulate all of those at TAC meetings, as other local and regional issues are routinely discussed. TAC meetings are held regularly throughout the year (every other month – Thursday mornings) and are open and free to the public.

Those interest please contact the Selectboard via email – [administrativeassistant@chelseavt.us](mailto:administrativeassistant@chelseavt.us) or via phone 625-2023.
