

Special Selectboard Meeting
April 10,2015 – 6:30 p.m.

Attendees:

Ruben Hook
Richard Rogers

Michael Button
Betty Rogers

Joan Goodrich
Rick Ackerman

Warren Lathrop
Karen Lathrop

Meeting came to order at 6:30pm.

The Board looked over the color choices with different coatings and polled the residents at the meeting as to their color preference as it would be in their line of sight for the foreseeable future. Mr. and Mrs. Rogers thought all the color choices were agreeable. Rick Ackerman preferred a green wall option but is willing to go with whatever the Board would like to choose.

The Board looked at the three different coatings but did not choose one as there did not seem to be a warranty difference and they were sure the Contractor would choose one that would conform to the specs of the blueprints.

Ruben Hook suggested the soffits and trim be the same color as it would enhance the overall appearance of the garage.

Joan Goodrich moved with Mike Button seconding to choose Terra Cotta for the walls, Pearl Grey for the roof and Regal White for the soffit and trim. All were in favor, so moved.

Mike Button moved to adjourn at 6:45 pm seconded my Joan Goodrich.
